

E-GVAP
Plenary meeting
Toulouse, 16-18 January 2008

Status of GNSS-meteorology in Belgium

Hugues.Brenot@oma.be

**Institut Royal
Météorologique
de Belgique**

René.Warnant@oma.be

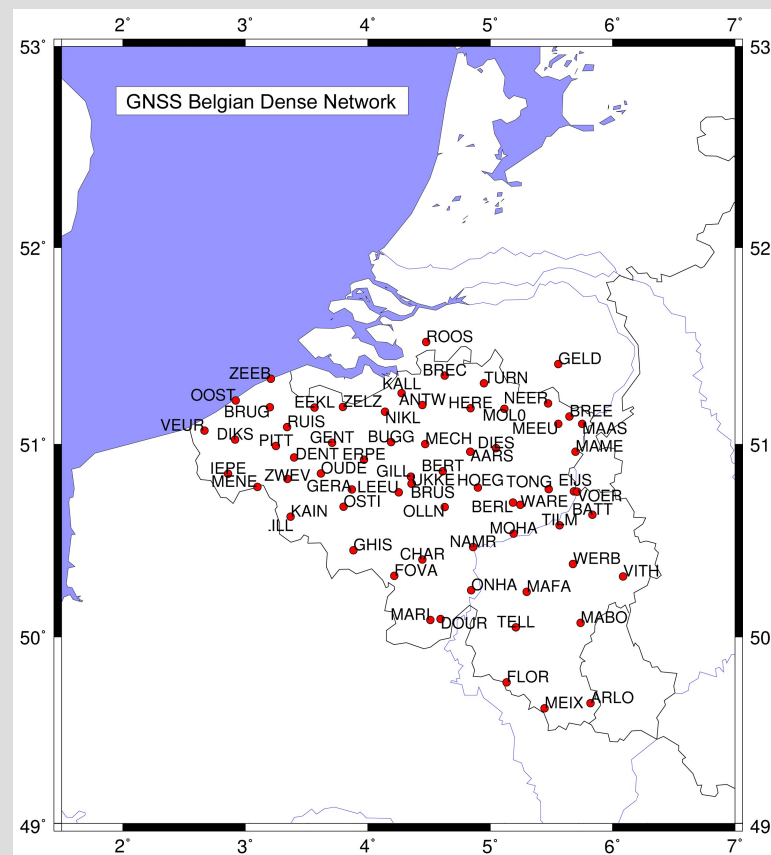

**Koninklijk
Meteorologisch
Instituut van België**

- ZTD from EUREF GNSS network (ROB)
(with BERNESE)

- growing interest for GNSS at RMI
 - ZTD and IWB imaging: nowcasting
 - Validation of forecasts by ZTD
 - ZTD assimilation in NWP
 - Problematic of tropospheric correction

- Tests of tropospheric parameters
for the Belgian Dense Network
(with GAMIT)
