Lunch Wednesday approx. 12:30 - 13:30 in UK Met Office canteen at own payment.

Reservation made downtown Exeter for common dinner at own payment Wednesday.

Meeting to cover:

- Practicalities
- Status and updates on processing and/or use by each expert.
- Status and updates on ground-based GNSS work at institute by each plenary member.
- News from EUMETNET Observation Programme (under which E-GVAP runs).
- Information from the E-GVAP team
- On the proposed new SINEX format and its relations to station naming and E-GVAP formats.
- On the derivation of offset statistics (GNSS versus NWP) done for the EUMETNET quality monitoring portal (QMP). How to update and improve, how to make results more widely available.
- Operational versus test uploads> Making formal rules regarding error statistics for moving AC/solution types from "test" to "operational".
- Active quality control.
- Changes or additions to User Requirements Document?
- On the new EU COST action GNSS4SWEC on ground-based GNSS meteorology.
- On the collaboration between GNSS4SWEC and E-GVAP.
- Next meeting?
- AOB
